LinkedIn: linkedin.com/in/enoch-commey-571257359

PROFESSIONAL SUMMARY

Analytical and detail-driven Mathematics & Statistics graduate with expertise in data analysis, production operations, and financial reconciliation. Skilled in Python, R, SQL, Power BI, and Excel. Proven ability to manage high-volume operations, analyze datasets, and improve reporting accuracy. Passionate about data-driven decision-making, system optimization, and artificial intelligence.

WORK EXPERIENCE

Issuing Officer — Sunda International (Peak Steel), Accra
June 2026 – August 2026

- **Manage the daily issuance and documentation of approximately 14,000 units of steel/materials, ensuring accurate fulfillment of customer and internal requests.**
- **Coordinate the loading and dispatch of an average of 5 cargo vehicles daily, ensuring materials are correctly verified, issued, and documented.**
- **Verify quantities, specifications, and material condition before dispatch, minimizing issuing errors and discrepancies.**
- **Maintain accurate inventory records and stock-movement documentation covering approximately 14,000 material units handled through daily issuing operations.**
- **Prepare and process material requisitions, issue vouchers, delivery documentation, and stock records to maintain traceability throughout the issuing process.**
- **Organize and label steel products and warehouse materials to facilitate efficient stock identification, retrieval, and dispatch.**
- **Supervise casual workers and material handlers during loading, arrangement, and dispatch operations, ensuring smooth daily workflow.**
- **Coordinate with warehouse, production, and other relevant departments to fulfill material requests and maintain timely dispatch operations.**
- **Monitor returns, shortages, damages, and stock variances, escalating discrepancies to management for resolution.**

- **Support inventory control and workflow improvements to strengthen stock accuracy, operational efficiency, and material accountability.**

Assistant Manager — PESO Ghana Limited, Accra | March 2026 – May 2026

- **Supervise daily production and distribution of 5,000+ sachet water bags and 1,000+ bottled units.**
- **Monitor and reconcile production, delivery, returns, and leakage data to ensure stock accuracy.**
- **Manage daily cash collections averaging GHS 13,000+, ensuring accurate reconciliation and reporting.**
- **Prepare daily production, sales, and operational reports for management decision-making.**
- **Coordinate operations across sachet and bottling lines to improve efficiency and reduce downtime.**
- **Identify and resolve inventory discrepancies to strengthen stock control systems**
- **Maintain compliance with hygiene, safety, and operational standards.**

Data Verification Executive — DocuPro Limited, Accra | Oct 2025 – Feb 2026

- **Verified and corrected 6,600+ monthly data entries, improving accuracy.**
- **Resolved inconsistencies across datasets, enhancing data integrity.**
- **Optimized workflows, reducing turnaround time and improving efficiency.**
- **Maintained confidentiality of sensitive records.**

Ministry of the Interior — Finance & Administration | Apr 2025 – Sep 2025

- **Processed 50+ applications weekly, improving compliance accuracy.**
- **Standardized 30+ correspondences monthly.**
- **Improved workflows through structured data review.**

Ministry of the Interior — Internal Audit Unit | Oct 2024 – Mar 2025

- **Pre-audited 200+ vouchers monthly to detect discrepancies.**
- **Managed 500+ financial records, improving retrieval efficiency.**
- **Analyzed 100+ datasets to support audit reporting.**

Mathematics & Science Tutor — Golden Era Academy | Oct 2022 – Dec 2022

- **Taught 100+ students, improving performance by 15%.**
- **Provided tailored academic support.**

Other Teaching Roles (2019 – 2022)

● Taught Mathematics, Economics, and Social Studies to 100+ students, raising pass rates by 15–20%.

● Managed academic records for 80+ pupils with full accuracy. **

EDUCATION

BSc. Mathematics & Statistics — University of Ghana, Legon | 2021 – 2024
WASSCE (Business) — Mawuli School | 2015 – 2018

TECHNICAL SKILLS

Python, R, SQL, Power BI, Excel
Data Analysis, Forecasting, Statistical Modeling
Operations Management, Financial Reconciliation, Reporting

PROJECTS

- **Closed Fishing Season Study (2024): Analyzed 255 workers; identified a 75% income reduction.**
- **European Social Survey Analysis (2024): Analyzed 40,000+ responses.**
- **Population Dynamics Modeling (2022): Forecasted trends using the Leslie model.**

LEADERSHIP

- **President — GaDangme Students Association (2023/24): Led a 15-member team; impacted 500+ students.**
- **Deputy Electoral Commissioner — Mathematical Society (2023/24)**
